The Trust

The Thomas Scanlan trust was established in 1979 as a direct result of a bequest made in the will of the late Thomas Arthur Scanlan in which he left the proceeds of the sale of his house in Surrey.

to be used in creating a Trust for the purpose of erecting or creating homes for the benefit of retired people.

The Trust is a charity registered with the Charity Commission (No 1162867) and a Limited Company (9355345).

The Trust deed, dated April 1979, allows the Trustees, none of whom receive any payment, to provide housing for the retired.

There are six Trustees, one of whom act as the Honorary Treasurer of the Trust's funds.

They employ the services of a Part-time Housing Manager and a Clerical Assistant. The Housing Manager deals with the day to day business of the Trust and acts on the Trustees behalf in all matters relating to the administration and maintenance of the Trust's estates and properties. The Housing Manager also assists residents with problems affecting the buildings and grounds.

The Trust's current developments are described in the following pages, together with details of the 'discount purchase scheme', particularly designed to be of benefit to the elderly who may wish to realise capital at an important stage in their lives.

Information

At the rear of the booklet is a pullout sheet that can be used as a request to be placed on the waiting list for a property.

It also gives details of the Housing Manager to whom all correspondence should be addressed.

Visits should not be made to the Trust's properties without prior consultation with the Housing Manager as great importance is given to the privacy and security of existing residents.

Each bungalow comprises lounge-diner, one double and one single bedroom and newly fitted kitchen and bathroom. In addition there is a box-room/store room which has lighting and power but no natural light. There are ample power points, a television aerial and telephone sockets. In addition to the usual smoke alarms, one is centrally monitored. There are 'Scheme Manager' call points in each room. Lofts are fully insulated. All properties have gas-fired central heating. Electric and gas meters are situated outside the properties so that there is no need for a 'meter reader' to call.

Amenities and Services

These bungalows are adjacent to a sheltered housing development owned and managed by Wealden District Council. The Trust has an arrangement, which provides the services of the Scheme Manager and in his/her absence emergency telephone links to 'Lifeline'. Thomas Scanlan Trust residents are able to enjoy the facilities offered at Joan Hughes Court which include a recreation lounge and associated activities, guest bedroom, when available etc.

IT SHOULD BE NOTED THAT THERE IS NO ON SITE PARKING OR VEHICULAR ACCESS TO THESE PROPERTIES.

Services

In providing property the Trust also tries to remove the worries which are normally connected with running and maintaining a property and its surrounds.

This is achieved by the Trust undertaking certain functions to do with the building and grounds and by the residents, after they have purchased, paying a Service Charge on a monthly basis. The residents still pay their own living costs such as telephone, gas, electricity, water authority charges and Council Tax.

The Service Charge payment covers -

Finance - Purchasing

It is a condition of purchase that you or your partner must be over the age of fifty-five, with the exception of Willingdon & Hailsham where the qualifying age is sixty.

All of the Trusts properties can be purchased on either a '125 year' long lease or on a lifetime leasehold basis under the 'discount scheme'.

Purchase under the '125 year lease'

Following a market valuation, properties are sold at the full market value. On vacating the property, for whatever reason, residents are asked to give the Trust the opportunity to find a suitable occupant from their waiting list. If this is not possible the property can be marketed through an Estate Agent and sold to person/persons over the age of fifty-five.

On completion of sale 5% of the selling price is payable to the Trust.

Lifetime lease - (Discount scheme).

Under the discount scheme you would not be required to pay the full market value for the property.

Should you choose to purchase in this manner the Trust would obtain a valuation based on your age and life expectancy. A valuation is calculated using Government actuarial tables.

In return for paying a reduced price you will get a Lease entitling you and your partner to remain as occupants for the rest of your lives. Following purchase, the value of your interest decreases. Please contact the Trust for further details. The value of your property reverts to the Trust after the death of yourself and your partner or if you should decide to leave.

If, before the value of your interest has been extinguished, you wish to leave your Trust property or you and your partner both die, the Trust will pay to you or your estate the value of your interest at that time, if any is due.

The advantages of the 'discount scheme' are that it enables you to purchase a very good standard of property at a reduced price and may allow you to retain capital for your own use. At the same time you can enjoy a secure assisted home for the remainder of your life.

It should be noted that based on recent 'discount' valuations it is currently more expensive for females to purchase using this scheme than it is for males. Up to date Government figures show that females have a greater life expectancy than males.
